

# **New York Junior Beef Producer's Achievement Program: Incentive Points Breakdown**

- Below shows the breakdown of points that are available for each event listed, that any NYJBPA member can participate in.
- Keep in mind that every time you participate in an event, you must record your points.
- If there are any other events that are not included on this listing that you have attended or accomplished, please submit those events for further review, and a decision will be made if it applies and how many points will be given for it. Whether they are ag related or not, tell us what you have done. What do you have to lose?
- This is an incentive program to get you involved in agriculture, so we will reward you for any applicable involvement anywhere.
- All Juniors in participation will receive a free ticket to the banquet dinner at the NYBPA Annual Conference in January, where there will be a special presentation and award, & your winning category will then be named for your accumulated points (Honorable Mention - up to 50 pts earned, Bronze - 51-150 pts earned, Silver - 151-300 pts earned, Gold - 301+ pts earned).
- In addition to the above awards for participating in the achievement program, silver & gold winners will receive monetary compensation to attend the educational trip that has been chosen by the membership body for that year.
- **Any event with an asterisk\* next to it is an event that requires a very brief explanation of what it was, or what your duties were, or what was won, etc.**
- **Points are due to Mike Shanahan by Dec. 1<sup>st</sup>**
- If at any time there are any questions or ideas, please contact Mike at 518-598-8869 or e-mail at [mike@cattlepromotions.com](mailto:mike@cattlepromotions.com)
- Good Luck Everyone!
